NOTE—Contn. Sheet

Submitted to His Highness.

....

Mr. M.T. Narain Iyengar, Professor of Mathematics, Central College has applied for six months' furlough on average salary from the 1st September 1924, and the University authorities first proposed the appointment of Mr. Gopalaswami Iyengar, Assistant Professor, as Acting Professor and other seriatum promotions. These proposals were generally approved at the Council meeting held on the 18th September, but subsequently the University Council has reconsidered the matter and now recommends that Mr. K.S.K. Iyengar, B.A. (Cantab) be temporarily appointed to act for Mr. Narain Iyengar on a salary of Rs. 300 per mensem. Mr. K.S.K. Iyengar is a Mysorean being the grand son of late Mr. K. Ramaswamiengar, Deputy Superintendent of Revenue Survey. He was placed in class I of Part I of the Mathematical Tripos in June 1922 and in June 1924 he obtained a first class in Part II also. He has in addition obtained the special distinction called B. star. He seems to have done very well at Cambridge and an application from him for a grant of £200 to enable him to continue for another year at Cambridge has been received strongly supported by the General Secretary to the High Commissioner. Since then he has also submitted through the High Commissioner a memorial addressed to His Highness saying that he is desirous of serving the State in the capacity of a teacher of Mathematics in the University of Mysore if a suitable vacancy occurs.

The Members of Council approve of the recommendation of the University Council, which may be graciously approved.

To: His Highness the Maharaja of Mysore. G.C.S.I. G.B.E.
Chancellor of the University of Mysore.

Your Highness,

May it please your Highness that
I may submit the following facts for your kind consideration.

I am a subject of your Highness
and had my school education in the Government School in
Bangalore and part of my College education in the Central
College, Bangalore.

After having studied from 1918 to 1921
in the Presidency College, Madras, and graduated with honours
(B.A. Honours) in 1921. I was admitted to Trinity Hall,
Cambridge in January 1922 and in June of the same year I took
Part. I. of the Mathematical Tripos and got a First Class in it.
I was then made a scholar of the College and have been so ever
since till this June when I took Part. II. of the Mathematical
Tripos and graduated with honours. I secured a first class
(Wrangler) as well as a special distinction called B. Star.

May I venture to state that I am
desirous of serving your Highness in the capacity of a teacher
of Mathematics in the University of Mysore if a suitable
vacancy occurs. May I add that my Grandfather the late
Mr K. Ramaswamiengar M.A. had the honour to serve your Highness
for a considerable time and retire as Survey Deputy
Superintendent.

I herewith append the testimonials
of the Cambridge Lecturers under whom I was student. It may
not be out of place to add that one of the testimonials is
by the Examiner himself under whom the great Indian
Mathematician, the late Mr Ramanujam studied for some time.

I beg to remain,
Your Highness,
Your most obedient servant,

Trinity Hall,
Cambridge.

Mr Iyengar has attended a number of my courses of lectures in the last two years or so, and I examined him in the Mathematical Tripos. It is evident already that he is a man of high ability: to be definite I can state that he is one of the two or three best Indian pupils that I have ever had. He has a genuine enthusiasm for mathematics, and I confidently predict for him a highly successful career both as a teacher and as an original investigator.

I fully agree with what Mr. Littlewood states concerning the ability of K. S. K. Iyengar. The latter has attended a number of my advanced lectures and I am satisfied that he is competent to deal with mathematical ideas of the most advanced modern kind.

It would be a great pity if, through force of circumstances, Mr. Iyengar were compelled to break off his studies in Cambridge just at the moment when they are about to be of most value.

Mr. K. S. K. Iyengar of Trinity Hall has attended
several of my courses of lectures on pure mathematics,
and I have seen something of him outside my lecture room.

I formed a very high opinion of his mathematical
ability, which has been confirmed by the distinguished place which
he has just taken in the Mathematical Tripos. Mr. Iyengar has
read extensively and has a very real enthusiasm for mathematics,
a most valuable qualification for a teacher.

I know nothing of Mr. Iyengar's knowledge of applied

The proposal of the University Council
re Mr. K.S. X. Iyengar's appointment was made on the basis
of an application forwarded through Govt.

Govt. may consult Mr. Iyengar by cable
as to his willingness to accept the temporary appointment.
Mr. Iyengar will be a distinct acquisition to the staff of the
University.

Should Mr. Iyengar be unwilling, the original
recommendations of the Council regarding the leave arrangements
will stand.

I may state in this connection
that we have provided for a Lectureship in Mathematics
at the Maharaja's College (in addition to the post of Assistant
Professor for Statistics, Mathematical Economics, Commerce &c)
The vacancy will for the present be filled up by a temporary
appointment. If Govt. approve the Lectureship will be
converted to an Assistant Professorship, and in that case,
Mr. Iyengar, if he joins us now, may be kept on at
the Maharaja's College as Assistant Professor on a fixed
appointment, after Mr. Narasimhaiah's return from leave.
An arrangement like this would be highly desirable
in view of the important and varied new courses in
Mathematics at the Maharaja's College.

I beg to invite gracious reference to my Submission Note of the 25th September 1924 and His Highness' orders dated the 27th idem on the subject of acting arrangements during the absence of Mr. M.T. Narain Iyengar, Professor of Mathematics, Central College, who has applied for six months' furlough. In reply to a cable sent to Mr. K.S.K. Iyengar, B.A., (Cantab) offering an Assistant Professor's post on Rs.300, he has cabled that he is not prepared to accept less than Rs.400-50-700. Our present scale for Professors, 2nd grade, is Rs.400-30-700, and there is no vacancy in this grade. Mr. Narain Iyengar's absence is only for six months and when the Vice-Chancellor proposed Mr. Iyengar's appointment in this vacancy his idea was that the place of Mathematics Lecturer now sanctioned for the Maharaja's College may be --- raised to an Assistant Professorship and Mr. Iyengar kept on in that. "Kindly stay orders
Re. Professor Nara-
niengar's leave
arrangements."

The Vice-Chancellor learns that Mr. K. S. K. Iyengar of Cambridge has declined the offer of the

Assistant Professor's place made to him. The Vice-Chancellor, however, thinks that a slight alteration will be needed in the acting arrangements recommended for College work during Mr. Naraniengar's absence on leave. I am directed to request, therefore, the favour of your kindly staying the issue of orders in regard to the acting arrangements till the Vice-Chancellor ascertains the wishes of the University Council on the 31st instant.

Yours sincerely,

Submitted to His Highness.

I beg to invite gracious reference to my Submission Note of the 25th September 1924 and His Highness' orders dated the 27th idem on the subject of acting arrangements during the absence of Mr. M.T. Narain Iyengar, Professor of Mathematics, - Central College, who has applied for six months' furlough. In reply to a cable sent to Mr. K.S.K. Iyengar, B.A., (Cantab) - offering him an Assistant Professor's post on Rs. 300, he has cabled that he is not prepared to accept less than Rs. 400-50-700. Our present scale for Professors, 2nd grade, is Rs. 400-30-700, and there is no vacancy in this grade. Mr. Narain - Iyengar's absence is only for six months and when the Vice Chancellor proposed Mr. Iyengar's appointment in this vacancy his idea was that the place of Mathematics Lecturer now sanctioned for the Maharaja's College may be raised to an Assistant Professorship and Mr. Iyengar kept on in that. (Vide Dr. Seal's unofficial note dated the 14th October 1924.)

The question was considered on the 22nd October 1924 at a meeting of the Council when it was resolved that the proposals contained in the original Council Resolution of the 18th September 1924 may be sanctioned. These proposals were that Mr. V. Gopalaswami Iyengar, Assistant Professor, may act for Mr. M.T. Narain Iyengar, Mr. M. Narayana Iyengar, Demonstrator on Rs. 115 to act as Assistant Professor; and Mr. M.G. Ramaiyya, M.Sc., to be temporary Tutor on Rs. 75.

The University Council has subsequently proposed that Mr. Gopalaswami Iyengar may be independently in charge of the duties of Mr. M.T. Narain Iyengar instead of acting, the rest of the arrangements remaining as before. Orders sanctioning these revised proposals and also the acting promotion of Mr.

May the Draft order approved by the Dewan issue?

Dr Seal's opinion about the appointment of Mr. K. S. K. Jyengar is contained in his recent letter of the 12th December 1924. In this letter Dr Seal has suggested that if Govt. could convert the lecturer's place in No 125 in the Maharaja's College to one on Rs 350, it may be offered to Mr. Jyengar. He says that this is the utmost that could be done for him.

The addl cost is proposed to be met by a further grant from Govt. or from the Charing balance of the University, as it cannot be met by deappropriation of sanctioned grants.

It is also stated that no place can be found for Mr. Jyengar in the leave vacancy of Mr. M. T. Narayana Jyengar as temporary arrangements have already been made.

Sir,

I am directed to state that, the Principal, Central College, Bangalore, having forwarded an application from Mr. M. T. Naraniengar, M.A., Professor of Mathematics, Central College, for six months' Furlough on average salary from 1st September 1924 and proposed certain acting arrangements during the absence of the Professor, the question was considered by the University Council at their meeting held on the 16th August 1924 when it was resolved:-

- (i) that the leave applied for be recommended to Government and.
- (ii) that the following be the acting arrangements for work during Mr. Naraniengar's absence on leave:-

1. Mr. Gopalaswami Iyengar to act for Mr. M. T. Naraniengar.
2. Mr. B. S. Madhava Rao of the Engineering College to be also part-time lecturer at Central College with an allowance of Rs. 50/- a month.
3. Mr. M. Narayana Iyengar to act for Mr. Gopalaswami Iyengar.
4. Mr. M. G. Ramaiya, M.Sc., to be temporary Tutor in place of Mr. Naraniengar on Rs. 75/- per mensem.

The above arrangements are the same as were suggested

2.

by the Professor and agreed to by the Principal, Central College.

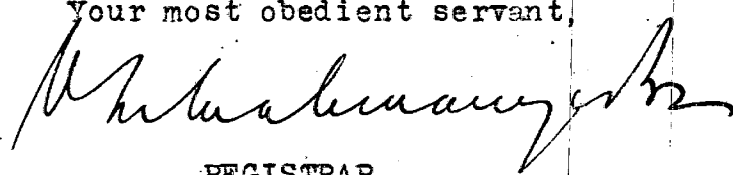

The Vice-Chancellor is of opinion that in view of the fact that it may not be possible to secure the services of an experienced Professor of Mathematics from outside for short periods, the above arrangements may be sanctioned and that Messrs. Professor (200-20-300) respectively during the period the above acting - arrangements continue.

I am to enclose herein for information a copy of extract from the Proceedings of the University Council together with the Comptroller's Leave certificate No. 7 dated 6th August 1924 on behalf of Professor Mr. Naraniengar, in original and to request that you will be so good as to obtain kind sanction of Government to Mr. Naraniengar's leave and acting arrangements with the Offg. allowances recommended from 1st September 1924.

To:- His Highness the Maharaja of Mysore. G.C.S.I. G.B.E.
Chancellor of the University of Mysore.

Your Highness,

May it please your Highness that
I may submit the following facts for your kind consideration.

I am a subject of your Highness
and had my school education in the Government School in
Bangalore and part of my College education in the Central
College, Bangalore.

After having studied from 1918 to 1921
in the Presidency College, Madras, and graduated with honours
(B.A. Honours) in 1921, I was admitted to Trinity Hall,
Cambridge in January 1922 and in June of the same year I took
Part. I. of the Mathematical Tripos and got a First Class in it.
I was then made a scholar of the College and have been so ever
since till this June when I took Part. II. of the Mathematical
Tripos and graduated with honours. I secured a first class
(Wrangler) as well as a special distinction called B. Star.

May I venture to state that I am
desirous of serving your Highness in the capacity of a teacher
of Mathematics in the University of Mysore if a suitable
vacancy occurs. May I add that my Grandfather the late
Mr K. Ramaswamiengar M.A. had the honour to serve your Highness
for a considerable time and retire as Survey Deputy
Superintendent.

I herewith append the testimonials
of the Cambridge Lecturers under whom I was student. It may
not be out of place to add that one of the testimonials is
by the Examiner himself under whom the great Indian
Mathematician, the late Mr Ramanujam studied for some time.

I beg to remain,
Your Highness,
Your most obedient servant,

Trinity Hall,
Cambridge.

Mr. Iyengar has attended a number of my courses of lectures in the last two years or so, and I examined him in the Mathematical Tripos. It is evident already that he is a man of high ability: to be definite I can state that he is one of the two or three best Indian pupils that I have ever had. He has a genuine enthusiasm for mathematics, and I confidently predict for him a highly successful career both as a teacher and as an original investigator.

Mr. K.S.K. Iyengar of Trinity Hall has attended several of my courses of lectures on pure mathematics, and I have seen something of him outside my lecture room.

I formed a very high opinion of his mathematical ability, which has been confirmed by the distinguished place which he has just taken in the Mathematical Tripos. Mr. Iyengar has read extensively and has a very real enthusiasm for mathematics, a most valuable qualification for a teacher.

I know nothing of Mr. Iyengar's knowledge of applied mathematics, but I consider him otherwise amply qualified from the point of view of learning, ability and zeal for a post as lecturer in a University or College of University rank.

I beg to certify that Mr. K.S.K.Iyengar has been a resident member of this College from January 1922 until the end of the present term, when he took his B.A. degree. He was placed in Class I of Part I of the Mathematical Tripos in June 1922 and was then elected a scholar of the College. In the present June he was placed in Class I of Part II of the Mathematical Tripos and in addition he obtained distinction in the subjects of Schedule B in this Tripos. He has thus done extremely well in his examinations here. His character and conduct have also been satisfactory during his time here and he has taken his part in the life of the College, joining in the games and other activities of College life. I am glad to recommend him for an educational post in India.

According to this resolution, the acting arrangements during the absence of Mr. M.T. Naraniengar will stand as hereunder:-

1. Mr. V. Gopalaswamiengar to be independently in charge of the duties of Mr. M.T. Naraniengar and get the charge allowance.

C.B.52-24-6, dated the 21st November 1924, sanctioning certain
arrangements during the absence of Mr. M.T.Naraniengar on leave
I am directed to state that the Principal reports (vide copy of

I am further to state that as it is reported that as
Mr.M.G.Ramayya is now in England and is not available, the

I have the honour to forward a Memo from Prof. M.T.Narayana Iyengar making certain recommendations with regard to the conduct of the work in the Mathematics department during his absence on furlough. Dear Mr. Matthan,

Your D.O. No.1330/C.B. dated the 10th instant.

I should certainly be very glad to find a suitable place for Mr. K.S.K.Iyengar in the University, if Government would kindly convert the Lecturer's place on Rs.125 in the Maharaja's College to one on Rs.350/- which is the utmost that we can offer him now, in the absence of the further training that we expected him to undergo in Cambridge.

As Mr. Naraniengar has availed himself of his leave already and the vacancies have been temporarily filled up, a place cannot be found for Mr.K.S.K. Iyengar in that arrangement. I should, however, strongly recommend the first proposal,

provided that Government make a special grant for
the purpose, or sanction the utilisation of part of
the estimated Closing balance in the University
Budget. The additional cost cannot be met by
reappropriation from any other head.

Re. Mr. Naraniengar's retirement:-

If Mr. K.S.K. Iyengar can be appointed immediately, he will be able to pick up some experience by the time Mr. Naraniengar's period is over, in October next. Mr. K.S.K. Iyengar will bring us new ideas and new methods from Cambridge. The question of finding an opening for Mr. K.S.K. Iyengar is under consideration. (Vide my D.O. No.45 of even date re Mr. K.S.K.Iyengar's appointment).

D. O. Letter No.1270, dated 29th November 1924 from the Chief Secretary to Government, to the Vice Chancellor, Mysore University.

With reference to your letter dated 7th August 1924 addressed to the Dewan about the promotions to Messrs. B. Venkatesachar and C. R. Narayana Rao, I am desired to state that pending the sanction of a definite scale fixing the number of appointments of professors of the 1st and 2nd grade for each department, Government have sanctioned the acting promotion of Mr. Venkatesachar to the grade Rs.500-50-1000 in the vacancy caused by Mr. M. T. Naraniengar proceeding on leave and given him a pay of Rs.600 in that grade. Government regret that nothing special can be done for Mr. Narayana Rao at present. I am, however, desired to request that the proposals of the University Council for fixing the number of Professors and Assistant Professors for each department on the scales of pay already sanctioned may be kindly submitted as early as possible.
